ISSUANCE OF OFFSET CREDITS

Number of offset credits	2025 Vintage	Total
Issued	42 411	42 411

Explanations:

The ministry noted that the promoter overestimated the number of offset credits requested. The difference of +8 credits is explained by the precision of the calculations. The issued offset credits are therefore 42,411.

As provided for in article 70.4 of the Regulation respecting a cap-and-trade system for greenhouse gas emission allowances, the minister:

- Deposits 97% of these offset credits, rounded down, into the promoter's general account;
- Deposits the remainder of the offset credits (3%) in the environmental integrity account.
