## **Date and Time of Auction**

The February 2026 Joint Auction #46 is scheduled to take place on February 18, 2026 from 10:00 AM Pacific Time (PT) / 1:00 PM Eastern Time (ET) until 1:00 PM PT / 4:00 PM ET.

## **Allowances Offered for Sale**

The auction of allowances from the current and previous budget years is known as the Current Auction. The auction of future vintage allowances is known as the Advance Auction. The Current Auction and Advance Auction will occur simultaneously at the date and time identified in this Auction Notice.

Allowances offered for sale in the February 2026 Joint Auction #46 are issued under the California Cap-and-Invest Program and the Québec Cap-and-Trade System. The number of allowances listed for the Current Auction includes California and Québec allowances, allowances consigned by Québec,<sup>3</sup> allowances consigned by California electrical distribution utilities and natural gas suppliers (consigning entities) and potentially other parties as described in the California Cap-and-Trade Regulation (California Regulation). In addition, the allowances listed for the Current Auction can include allowances that remain unsold from an undersubscribed Current Auction in prior quarters and are returned to auction after two consecutive Current Auctions have resulted in a settlement price above the Auction Reserve Price.<sup>4</sup> Additional allowances may also be made available arising out of each of the jurisdictions' regulatory provisions, including allowances with earlier vintages than the current calendar year or allowances that have no vintage, such as Early Reduction Credits issued by Québec, and allowances from the Québec Minister's reserve account. The number of allowances that will be available for sale in the Current Auction and Advance Auction are provided in Table 1.

---

<sup>3</sup> "Allowances consigned by Québec" refers to allowances that would have been distributed to Québec entities without charge but are instead offered for sale at auction pursuant to section 46.8.1 of the Environment Quality Act.

<sup>4</sup> For specific treatment of unsold allowances in California's program, see the [Guidance on Treatment of Unsold Allowances](#) on the California auction webpage.

The Jurisdictions will approve or reject applicants to participate in an auction within two (2) business days of the scheduled auction date.
